

# Fortifeye® Complete Macular Defense

is the same exact formula as the Fortifeye Complete Plus but it is about 33% stronger (3 tablets and 1 gel cap). Fortifeye Complete Macular Defense has higher levels of the specific nutrients that have been studied extensively by Fortifeye. 33% higher levels of all the nutrients listed in the above Fortifeye Complete Plus have been added to the Fortifeye Complete Macular Defense. The ORAC value of this formula is 33% higher than Complete Plus making it one of the strongest antioxidants available. This formula was developed initially for the macular degeneration patient but is now being used extensively throughout the world for extreme athletes, smokers, heavy drinkers, overweight patients, patients on medications that can block antioxidant uptake and macular degeneration and diabetic retinopathy patients. The Complete Macular Defense was developed to aid patients that are in need of higher dosages of specific time tested nutrients. These vitamins should be taken in three divided dosages with food to maximize the absorption. Fortifeye Complete Macular Defense can be taken alone or with Fortifeye Super Omega-3 or Fortifeye Focus. Fortifeye Vitamin formulas have helped many patients to maintain their independence and in certain cases regain their independence thru better vision and/or better health. Fortifeye Complete Macular Defense gives hope thru nutrition.
